OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a *note to that effect, stating the number of* copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels, Nad Patels and Shekdars within the Province at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portions of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance.*

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

No. 5108—*Med.* 33-17-8, *dated* 15*th March* 1918.

The following revised Memorandum issued by the Government of Madras for the guidance of persons proceeding to the Pasteur Institute at Coonoor for anti-rabic treatment is published for general information:—

MEMORANDUM OF INFORMATION FOR THE GUIDANCE OF PATIENTS PROCEEDING TO COONOOR FOR ANTI-RABIC TREATMENT AT THE PASTEUR INSTITUTE.

Coonoor is situated on the Nilgiri Hills about 6,000 feet above sea level and can be reached by the Nilgiri Railway from Mettupalaiyam in about three hours.

2. Mettupalaiyam is on the south-west branch of the South Indian Railway and is easily accessible from all parts of Southern India. The Institute is about a mile from the Coonoor Railway Station.

3. *Climate.*—The temperature of Coonoor ranges between 60° F. and 75° F. from March to September and between 40° F. and 60° F. from October to February.

4. The rainfall is about 70 inches, the greater part being received during the north-east monsoon in October, November and December.

5. Persons coming from the plains require fairly warm but not heavy clothing and bedding. Indigent Indian patients will be supplied with blankets.

6. *Accommodation.*—There are several hotels and boarding-houses which are open all the year round and also a residential club.

(a) Europeans and Eurasians are not accommodated at the Institute but must make their own arrangements for board and lodging about which there is no difficulty. Persons who cannot afford hotel rates can find inexpensive lodgings in the town within three-quarters of a mile of the Institute.

(b) Well-to-do Indians can find houses in convenient situations and others can arrange for lodging and meals in the town. Indigent patients are accommodated in the free quarters in the Institute compound and will be provided with blankets and cooking pots.

(c) British soldiers and their families stay in the sanitarium at Wellington and are sent daily to the Institute in a tonga.

(d) Soldiers of Indian regiments will be accommodated in tents in the Institute compound.

7. Patients who are sent by or at the expense of private employers, friends or other private persons or associations should be provided by them with the cost of their return journey and also with sufficient money to pay for their food during the course of treatment, which lasts fourteen days. If desired, money for these purposes may be sent to the Director of the Institute, and this course is strongly recommended in the case of menial servants and illiterate or other irresponsible people.

8. *Treatment.*—Patients when bitten by an animal unless it has disappeared or been killed (in which case if rabies be suspected they should proceed to Coonoor for treatment immediately) are advised to consider the following points before deciding to undergo a course of anti-rabic treatment :—

(i) A rabid animal may be furious or it may be paralysed;

(ii) an animal may be rabid without being afraid of water;

(iii) an animal is never infective more than ten days before it becomes rabid;

(iv) treatment is only necessary in the case of bites which have broken the skin, or when the saliva has come in contact with a fresh abrasion;

(v) the risk of infection has become very small two months after the person has been bitten;

(vi) never kill the animal until certain that it is rabid, but see that it is impossible for it to bite any one else; if it lives for ten days after biting any one, treatment is not necessary;

(vii) if the dog is suspected to be rabid, do not wait until the brain has been examined, as a negative result of the examination is inconclusive.

After it has been decided to undergo a course of treatment, no time should be lost in proceeding to Coonoor as the earlier the treatment is commenced the better.

9. All treatment at the Institute is free, but patients in a position to do so are expected to contribute something towards its upkeep. The course of treatment lasts fourteen days and patients are not laid up but can go about as usual having regard to the rules of life recommended. Patients should always endeavour to bring with them the brain of the animal that bit them, one-half in pure glycerine and the other half in a mixture containing 3 per cent of bichromate of potash and 5 per cent glacial acetic acid in distilled water

Rules for the grant of concessions to Government servants and to indigent persons not employed in the public service to enable them, when bitten by rabid animals, to proceed to the Pasteur Institute at Coonoor for treatment.

I.—CONCESSIONS TO GOVERNMENT SERVANTS.

1. 'Government servants' in these rules means a Government servant whether temporary or permanent paid from Imperial or Provincial funds or from Port and Marine funds administered by Government, but does not include a Government servant on foreign service or in Municipal or Local Fund service.

2. Any Government servant who has been bitten by a rabid animal and who is too poor to proceed to Coonoor at his own expense may, provided that he is drawing not more than Rs. 100 a month, be granted—

(i) His actual travelling expenses to Coonoor and back, *viz.*, (*a*) a single fare each way by railway of the class by which he is entitled to travel on duty, (*b*) for journeys by road or river the actual cost of transit, not exceeding the amount admissible under rule. The expenses for the return journey should be paid to the patient at Coonoor after the treatment is finished, by the Treasury Officer at that station, on production of a discharge certificate from the Director of the Institute.

(ii) An advance of one months' pay.

(iii) One month's casual leave, any leave required in excess being treated as privilege or sick leave. Provided that if the absence of such Government servant makes it necessary for a substitute to be appointed, the period of absence up to one month may, under orders of Government, be treated as extra privilege leave instead of casual leave.

NOTE.—The words 'not more than Rs. 100 a month' occurring in this rule and the word 'pay' occurring in this and subsequent rules should be interpreted as referring to 'monthly substantive pay' as defined in Article 38, Civil Service Regulations. In the case of holders of temporary appointments, the pay or acting allowance which they draw in their temporary or officiating posts respectively should be taken as substantive pay.

3. Any Government servant who has difficulty in finding at once the means to enable him to proceed to the Coonoor Institute, and whose pay exceeds Rs. 100 but does not exceed Rs. 500 a month, may be granted an advance not exceeding the amount admissible under rule 2 (i), and may also be granted an advance of one month's pay and one month's casual leave, provided that if the absence of such Government servant makes it necessary for a substitute to be appointed, the period of absence up to one month may, under orders of Government, be treated as extra privilege leave and not as casual leave. Any further leave required should be privilege or sick leave.

4. Any Government servant drawing not more than Rs. 500 a month, a member of whose family is bitten by a rabid animal and who has difficulty in finding at once the means of sending him or her to the Pasteur Institute at Coonoor may be granted an advance not exceeding the actual travelling expenses admissible under rule 2 (i) plus one month's pay. If he does not draw more than Rs. 100 a month, an advance of the travelling expenses of an attendant, if necessary, may be given to a similar amount and subject to the same conditions of recovery (see below) as for the patient. In the case of Government servants whose pay does not exceed Rs. 50 (or in the case of those drawing over Rs. 50, but not more than Rs. 100 where special circumstances exist) the recovery of the amount advanced as travelling expenses of the attendant may be waived altogether or in part if the head of the department thinks fit. The head of the department may also in special cases waive the recovery of the amount advanced for the travelling expenses of members of families of Government servants whose pay does not exceed Rs. 50 a month.

5. Government servants drawing more than Rs. 25 per mensem proceeding to the Pasteur Institute for treatment should bear the cost of their maintenance both during the journey and while under treatment at the Institute. Those drawing not more than Rs. 25 per mensem are entitled to maintenance allowance during treatment as well as during the journey to and from the Pasteur Institute at the rates of daily allowance admissible to officers of the third and fourth classes as the case may be under Article 1063 of Civil Service Regulations.

6. The officers of the Madras Presidency mentioned in Appendix A are authorised to grant the abovementioned concessions to Government servants employed under them or subject to their authority.

7. The despatch of every Government servant to the Coonoor Institute for treatment should at once be reported to the officer immediately superior to the officer by whom the patient is sent, and by that officer, if he is not the head of the department, to the head of the department. Where the head of the department himself sends the person, no further report will be required. A report should also at once be made direct to the Director of the Pasteur Institute, Coonoor, in the form given in Appendix D.

NOTE.—No amount can be drawn from the Coonoor sub-treasury until this information is received at the Pasteur Institute.

8. The Director of the Institute may, on the production of satisfactory proof of identity and of adequate evidence that the patient, if a Government servant, did not receive an advance of one month's pay admissible to him under these rules as a recoverable loan, grant to such a Government servant an advance not exceeding one month's pay, intimating the grant to the head of the department to which the Government servant belongs with a view to the recovery of the sum advanced from his salary is not less than three but not more than twelve monthly instalments. The proof furnished by the Government servant will be made a voucher and the charge will be recovered by the Director from the officer in charge of the sub-treasury at Coonoor who will arrange to pass it on to the district concerned. Subject to the same conditions of proof and recovery the Director may also make in very special cases a further advance not exceeding half a month's pay to a Government servant who has already received an advance of one month's pay before his departure for Coonoor but has run short of funds while under treatment. Any of the above advances may also be granted to a Government servant, subject to the above conditions of proof and recovery, if applied for by him on account of a member of his family undergoing treatment at the Institute.

9. The Director's discharge certificate should be prepared in duplicate: one copy of it should be despatched by him to the Government servant responsible for the original advance, and the other copy should be attached to the bill for the travelling allowance for the return journey which will be presented for payment at the Coonoor treasury.

10. The bill for travelling allowance for the return journey should be at the same rates as were allowed for the journey to the Institute and should also be supported by the original intimation received from the officer who is responsible for the original advance. Maintenance charges for days spent at Coonoor and for the days of the return journey may be advanced on separate bills drawn by the Director, who will certify thereon the class to which the patient belongs and the number of days that he was under treatment or that will be occupied in the journey.

11. The travelling and maintenance allowances of Government servants who are paid from Imperial and Provincial funds should be debited to a special detailed head, *viz.*, 32, MISCELLANEOUS—*Miscellaneous and unforeseen charges*—Charges for the treatment of patients at the Pasteur Institute. The travelling and maintenance allowances of servants of Port and Marine funds administered by Government should be debited to the funds from which their salaries are met. Any recoveries of overdrawals to be effected in consequence of a Government servant having been allowed travelling allowance in excess of that to which he was entitled will be made by the Accountant-General.

12. All advances made to Government servants under rules 2, 3 and 4 should ordinarily be recovered in three equal monthly instalments as provided in Article 137 (*b*) of the Civil Account Code. But in special cases where it is considered that the enforcement of the rule would cause hardship, the Local Government or the Honourable the Judges of the High Court, the Board of Revenue, and the officers named in the margin, who have been specially empowered in that behalf, may sanction the repayment of an advance in more than three, but not more than twelve, instalments.

14. A third-class pass or ticket from the patient's station to Coonoor by the shortest and cheapest route on the terms allowed by the Railway Companies will be procured for the patient by the officer who despatches him to Coonoor. He should take with him to Coonoor and produce before the Director of the Institute a certificate signed by the officer despatching him that he has been sent to the Institute for treatment at the expense of Provincial revenues or by Local or Municipal funds.

17. The maintenance allowance of the patient while under treatment at Coonoor and *for the period of the return journey*, and also, *if necessary, the cost of transit for journeys by* road or by river on the return journey, will be disbursed by the Director, Pasteur Institute, Coonoor, in the first instance and subsequently recovered from the sub-treasury, Coonoor, on production of a discharge certificate.

18. The Director's discharge certificate should be prepared in duplicate. One copy should be despatched by him to the Government servant responsible for the original advance, and the other should be attached to the bill for travelling allowance for the return journey when presented for payment at the Coonoor treasury.

19. The bill for travelling allowance for the return journey should be at the same rates as were allowed for the journey to the Institute and should be supported by the intimation received from the officer responsible for the original advance.

20. Maintenance charges for days spent at Coonoor and for the days of the return journey may be advanced on separate bills drawn by the Director who will certify thereon the days that the patient was under treatment or that will be occupied in the journey.

21. Any indigent person who is (*a*) a woman, (*b*) a child under 16 years of age or (*c*) a man incapable by reason of age or other sufficient cause of travelling alone, may be allowed to be accompanied by not more than one attendant (except in the cases provided for in the note below), the cost of such attendant being debited, if no railway concession is granted, to the same fund to which the charges on account of the patient are debited. Such attendant or attendants may be granted travelling expenses and maintenance allowance at the rate sanctioned for patients and also wages not exceeding four annas a day, in cases where the despatching officer is satisfied that the patient is unable to pay the daily expenses of the attendant or attendants. (This concession is also admissible to Government servants drawing not more than Rs. 100 a month. *The case of members of their families* is regulated by rule 4 above.)

NOTE.—More than one attendant may be allowed on the authority of one of the authorities mentioned in Appendix B in special cases, as *e.g.*, when the patient is a child unable to travel without the mother or other woman in charge who also requires in attendant, or when the patient is a woman and in addition to one attendant is compelled to take one or more children with her.

24. The Director may make advances to indigent persons who come to Coonoor at their own expense, but are unable to maintain themselves there or to pay for their return journey. The possibility of recovering these advances should then be investigated in the following manner. The Director should correspond direct with the officers in charge of the districts to which the patients, to whom advances have been made, say they belong, and should ask them to take over for investigation claims in respect of the advances made. District officers should take over these claims as soon as they are satisfied that the persons who received the advances actually belong to their districts and should inform the Director that they have done so. The Director should then recover the amounts advanced from the treasury, producing the district officers' 'acceptances' as vouchers, and the claims should then be passed on to the provinces concerned —to be adjusted as the amounts advanced are recovered or written off under the local rules. Any sum which is found to be irrecoverable after being passed on to a district officer will be debited to the province concerned as a provincial charge under the head "32 MISCELLANEOUS—*Miscellaneous and unforeseen charges*—Charges for the treatment of patients at the Pasteur Institute, Coonoor. Otherwise, i.e., if no district officer takes over the claim, it will be adjusted finally under the same head in the books of the Accountant General, Madras.

With regard to indigent patients who are sent for treatment from the Pasteur Institute to the Municipal Hospital, Coonoor, the Director may, in the first instance, defray the expenses connected with their diet and in case of death, of their burial or cremation, as the case may be, and recover the cost in accordance with the procedure laid down in rules 20 and 24.

Proceedings of the Government of His Highness the Maharaja of Mysore.

NO. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars where on the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels, Nad Patels and Shekdars within the Province at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portions of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance*.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

12. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels, Nad Patels and Shekdars within the Province at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portions of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance.*

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels, Nad Patels and Shekdars within the Province at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portions of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance*.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention ; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

Proceedings of the Government of His Highness the Maharaja of Mysore.

THE MYSORE REPRESENTATIVE ASSEMBLY.

READ—

Rule 2 of Notification No. G 10156—G. R. 33-14-1, dated 22nd March 1915, republishing the rules relating to the constitution and conduct of business of the Representative Assembly.

Government Order Camp No. 6-58, dated 22nd April 1918, introducing certain changes in the above rules.

ORDER NO. G. 14465-515—G. M. 599-17-1, DATED 27TH APRIL 1918.

Under Rule 2 of the Rules relating to the constitution and conduct of business of the Representative Assembly published with the notification read above, elections for returning members to represent taluks and sub-taluks should be held once in three years ; and as the tenure of the existing members of this class in the Assembly terminates with the current year the election for the next three years should, in the ordinary course, be held this year. But as certain changes have been introduced in the constitution of the Assembly by Government Order dated 22nd April 1918 which materially affect the character of the Assembly, and as it is desirable that these changes should be brought into effect with as little delay as possible, the Government of His Highness the Maharaja consider that, to give time for the preparation of voters' lists according to the new qualifications and for working out other necessary details, the triennial election may be deferred for a year. They are accordingly pleased to extend by one year the term of membership of the existing members of the Assembly representing taluks and sub-taluks.

The calendar for the ensuing Dasara Session modified accordingly is appended to this order.

The following Press Communique issued by the Indian Munitions Board, dated Simla, the 28th March 1918, regarding the desirability of observing the strictest economy in the use of paints containing lead is hereby republished for general information :—

"In view of the acute shortage of lead paints, the Government of India desire to impress upon consumers that paints containing lead should not be used unless when absolutely indispensible. In cases in which the use of white lead is essential the proportion of metallic lead in the paint may ordinarily be reduced to 50 per cent. For the jointing of wood work where lead is necessary, the proportion of metallic lead in the mixture should not exceed 20 per cent

A suitable reducing material for white lead paints is barium sulphate which is available in India; other reducing materials obtainable in the country are China clay, gypsum and asbestos. For coloured paint work, where possible, leadless paints, such as oxides, ochres, umbers and other earth colours, of which several are available in India, may usefully be employed.

With regard to red lead paints which are sometimes necessary for structural steel or iron work, it is not considered desirable to reduce the quality and for this reason it is all the more important that their use should be restricted to absolutely essential cases.

A substitute for red lead which, in the majority of cases has been found to be efficient, is red oxide and in cases where colour is more important than protective value such as red paint for signals, genuine vermilion (Sulphide of mercury) may be substituted "

Proceedings of the Government of His Highness the Maharaja of Mysore.

NO. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars whereon the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.
